Plant Bare Root Trees Immediately

Have your ground ready by the time your trees arrive. Do not expose the roots to the air. After unpacking the shipment, put the roots into a tub of water or thin mud and soak them for about one hour. Take out one tree at a time from the tub; then holding the tree in place with one hand, fill the hole about three-fourths full with soil, packing firmly. Water thoroughly, and when it has soaked in fill up the remainder of the hole. Top dress with well rotted barn-yard manure or pulverized sheep manure. DO NOT use Chemical Plant Food on newly planted nursery stock.

PLANTING SERVICE

Prices in this list do not include planting. For quotations on planting service and landscape estimates phone 4-4848.

PICTURESQUE FRUIT TREE

Oftentimes a picturesque fruit tree is a beautiful advantage to the landscape. The bloom in spring adds a cheering sight. Many fruit trees grow in interesting shapes and it's fun to have both beauty and fruit from them.

PLANTING GUIDE

Your success with evergreens, shrubs, trees and roses depends largely upon proper planting, plenty of water and top dressing of well rotted barn yard manure or other recommended plant foods. Planting Guides are sent with each order of Nursery Stock.

LAWN AERIFICATION

Aerification should be a regular part of the lawn maintenance program. Traffic, rainfall, watering and mowing tend to make the soil compact. Regular loosening of the soil is needed to maintain the physical condition favorable for grass growth.

Aerification is helpful where thatch conditions exist in order to break through the surface material so water, fertilizer and air can penetrate. Aerified turf requires less water, absorbs more rainfall, encourages deeper root penetration and makes better use of fertilizer. Call us for estimates.

NEBRASKA NURSERIES GUARANTEE

We guarantee our nursery stock to be first class and to reach you in healthy growing condition. Any stock that fails to grow will be replaced the next season provided we are notified by July 1st after delivery or planting; such replacement to be made at one-half the original purchase price, except that stock planted by this nursery will be replaced free of charge. Claims for replacement must be made before July 1st in writing or in person at the nursery. In no case will stock be replaced more than once.

We guarantee our nursery stock to be true to name. We take special care in labeling. Should any prove to be untrue we agree to replace or refund the purchase price.

This guarantee does not cover damage by adverse weather conditions, neglect, or insects.

No guarantee on bulbs, seeds, annuals or potted plants that are in leaf or blooming when purchased.

Growing With Lincoln

We have doubled our acreage for growing evergreens, shade trees and shrubs, to meet the increasing demand for good landscape materials. In addition to the 70 acres of growing fields located at 56th and Holdrege, we have purchased another 70 acres southeast of Lincoln. For the convenience of our customers, our offices, storage, sales and display grounds will remain at the present location, 48th and "O" Streets, where they have been for thirty years.
